

A complex network diagram with numerous black nodes connected by thin blue lines. Four prominent circular icons are placed within the network: Spider-Man's mask (red with white eyes) on the left, Captain America's shield (blue with red and white concentric circles and a white star) at the top center, Iron Man's helmet (orange and gold) at the bottom right, and a grey circular icon with a black and white network cable connector at the top right. A blue rectangular box with rounded corners is centered over the shield icon.
