Example 2

transition_reveal

```
p +  
  transition_reveal(YDAY) +  
  geom_point(aes(x = YDAY, y = TEMP,  
                   colour = location,  
                   group = STNID))
```

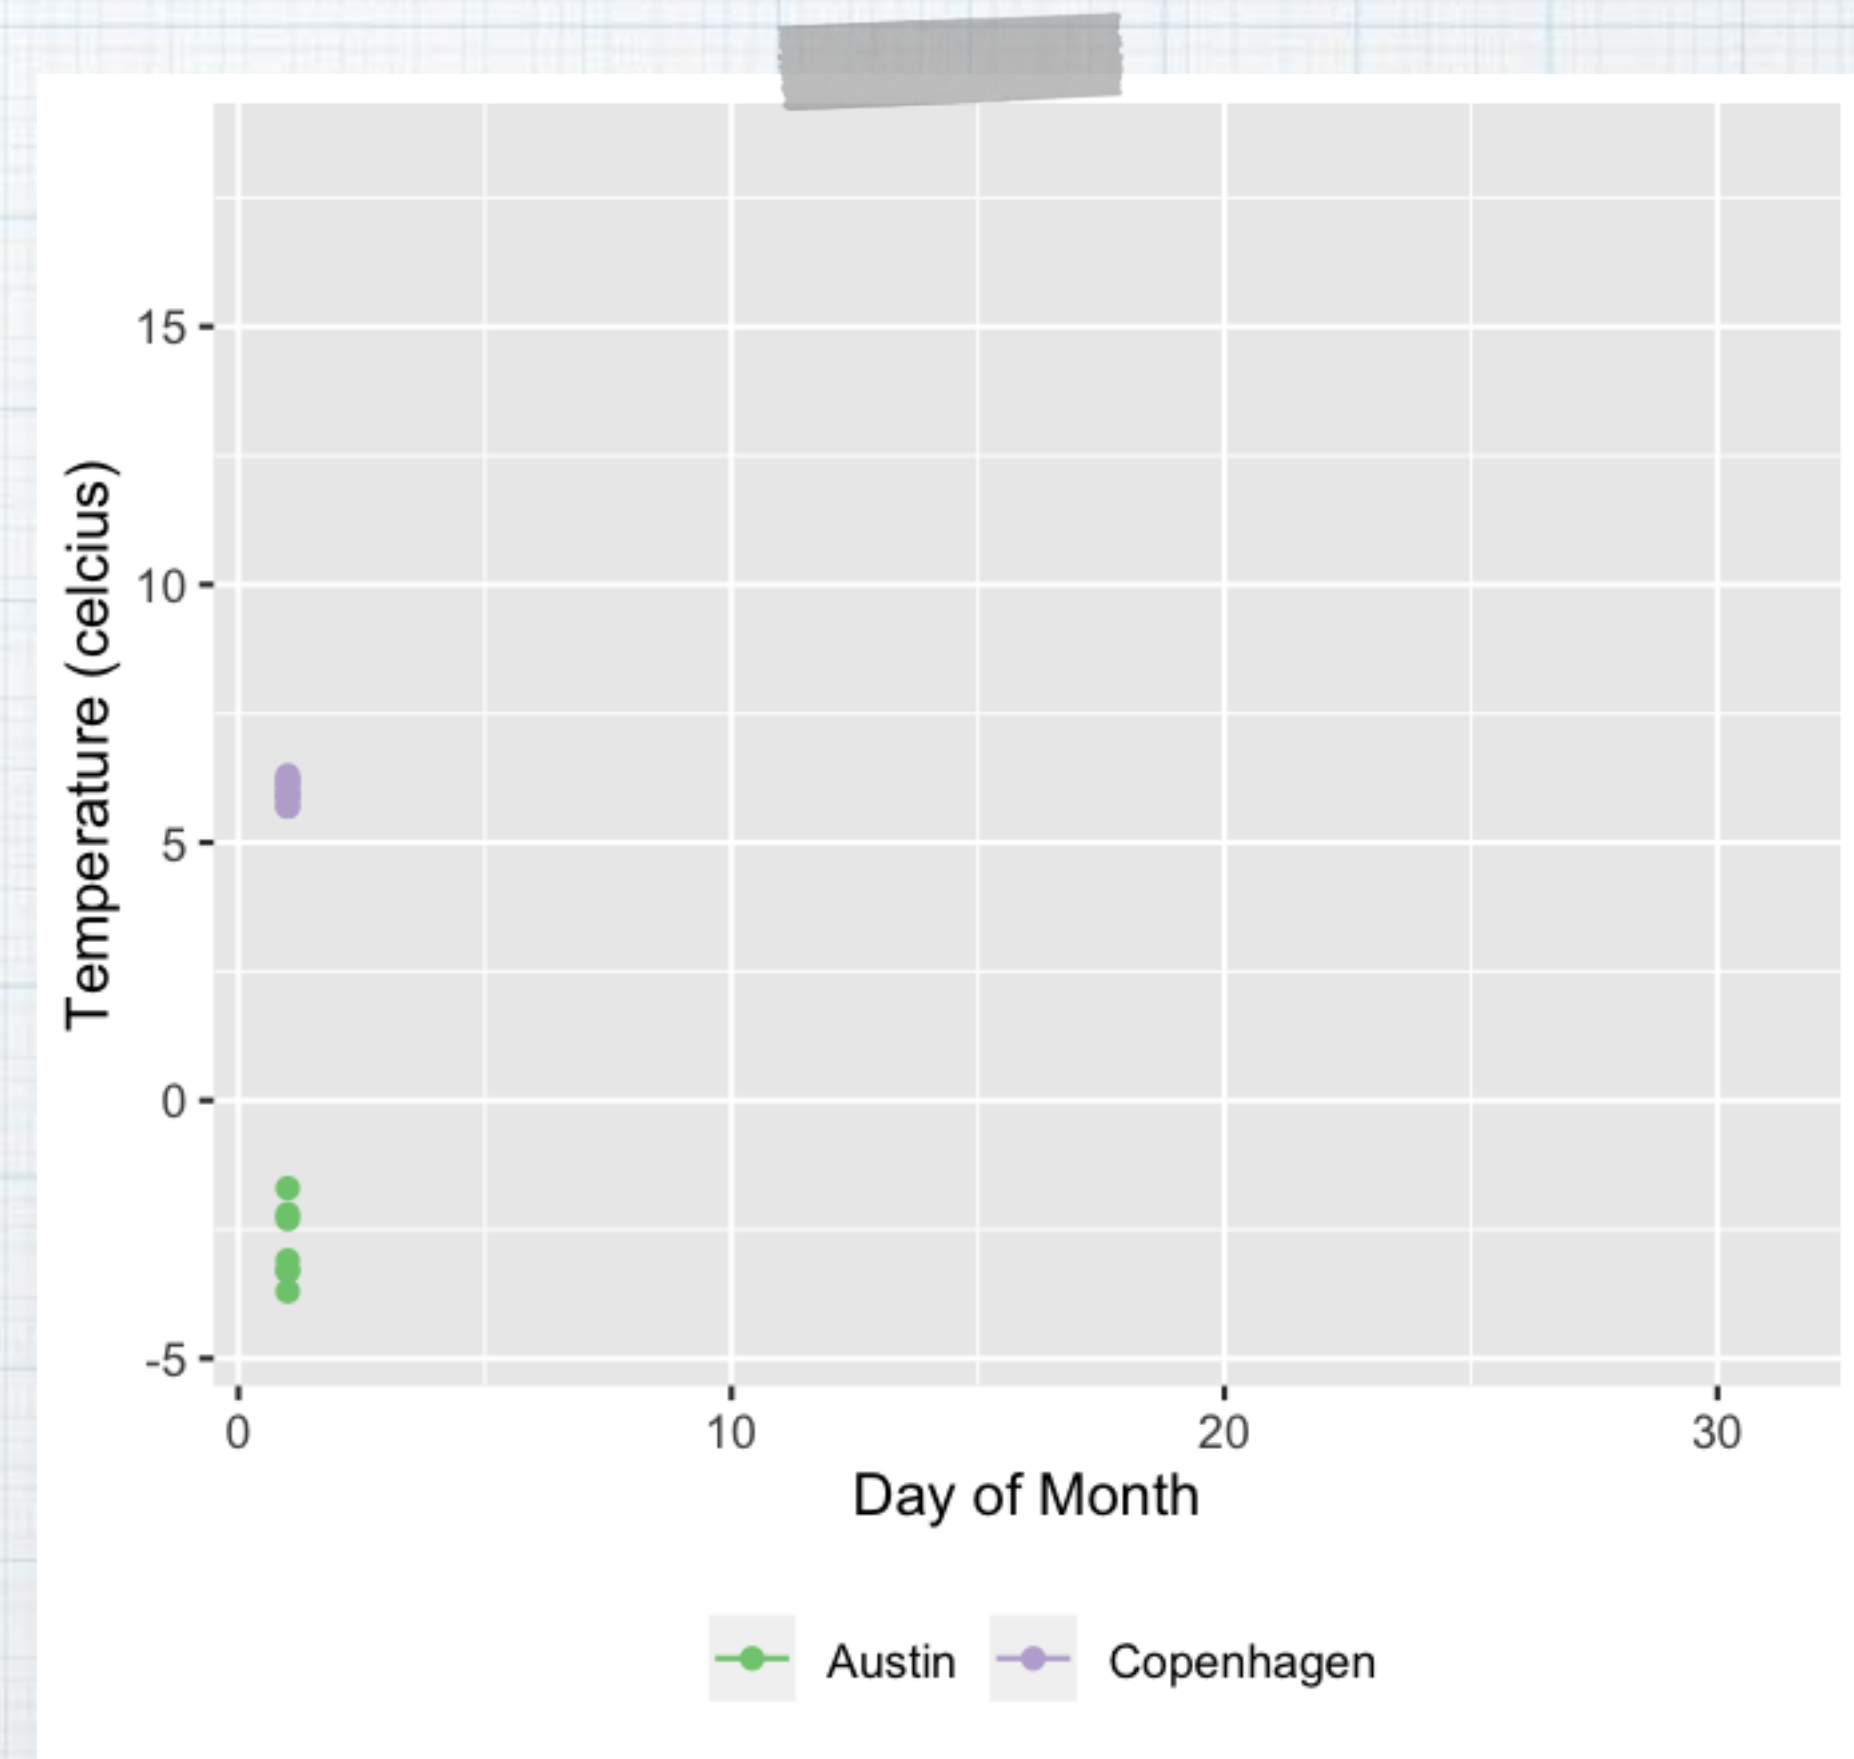

Example 2

transition_reveal

```
p +  
  transition_reveal(YDAY) +  
  geom_point(aes(x = YDAY, y = TEMP,  
                 colour = location,  
                 group = STNID))
```

Example 2

transition_reveal

```
p + transition_reveal(YDAY) +  
  geom_point(  
    aes(x = YDAY, y = TEMP,  
         colour = location,  
         group = seq_along(STNID))  
  )
```
